## EMMA PINSENT

### Artist Statement

My work follows a process of reimagining objects, landscapes and materials into strange, embodied environments that teeter between real and fantasy worlds. Most recently, my practice involves the use of unconventional materials; such as waste paper pulp, and inks and dyes made from organic matter. Using an abstract and intuitive sensibility, the forms I create seek to generate an ecological language that considers the hybridity of our current world: a combination of human, man-made and organic interactions.

### Biography

Emma Pinsent is an early-career artist who lives and works between Darkinjung (Central Coast) and Gadigal (Sydney) land. Her practice spans painting and sculpture; reimagining ubiquitous objects, landscapes and materials as embodied environments that teeter between real and fantasy worlds. Emma has exhibited in various group and solo shows within Sydney. In 2019, she completed a Bachelor of Fine Arts (Honours) at UNSW: Art & Design. Also in 2019, she was selected for Eden - Unearthed at Eden Gardens (Macquarie Park, NSW) and was a finalist in the Jenny Birt Award at UNSW: Art & Design and the Lloyd Rees Memorial Youth Art Award at Gallery Lane Cove.
