

# Yukiko Nonaka

September, 2021

## Artist Statement

Creating to me is a process of materialising my emotion. I think I try to settle the emotional unease by creating physical objects. Even when I make it into a piece of art, that emotion won't settle but will still exist. I create art objects as temporary relief and keep living my life.

## Biography

Yukiko Nonaka is an artist based in Sydney. Born in Japan, she moved to Australia in 2008. She has graduated from Tsukuba University in Japan with a Bachelor and Masters in Japanese Painting.

Since moving to Australia, Nonaka has pursued an art practice in Jewellery. She recently graduated from the Design Centre in Enmore with a Certificate of Jewellery Manufacture and Diploma of Jewellery and Object Design.
